II. PROVISIONS SPECIFIC TO THE CREDIT CARD

Art. 3 - Allocation and provision of Credit Card and PIN

Art. 3.1 – At the request of the legal person, ING can deliver a Credit Card to any natural person ("the Credit Card Holder") designated by the legal person.

Credit Card applications and management of the related services (including, but not limited to: changing the limit, replacing the Credit Card, managing the PIN code, cancelling the Credit Card, etc.) are offered by ING via a branch, via the ING Banking services or via a telephone call to the Customer Services Department

Consequently the legal person authorises the Credit Card Holder to use the Credit Card on behalf of the said legal person and guarantees to ING that the Credit Card Holder shall respect these General Terms and Conditions and any amendments thereto.

ING reserves the right to refuse to grant the Credit Card without having to explain its decision.

The signing of the application to grant the Credit Card and services which can be linked to it implies acceptance of these Regulations, the General Regulations of the Bank as well as the Special Regulations for Payment Transactions.

Art. 3.2 - The Credit card is posted to the Credit Card Holder or held for collection from an ING branch.

The existence of special instructions about the keeping and/ or sending of mail does not prevent the posting of the Credit Card and/ or any means which allows its use.

When the Credit Card is sent by post, the holder has 30 days from the date on which the notice stating that the Credit Card is to be sent by post appears on their account statements to indicate that it has not been received, by contacting ING Client Services.

When a Credit Card is made available at an ING branch, the legal person can, either at the time of the Credit Card application, or when ING notifies the availability of the Credit Card at the branch, request that the Credit Card be sent to the address he/ she shall have indicated, either in Belgium or abroad. However, ING reserves the right to refuse to post the Credit Card and to only provide it at its branches. ING can only respond to a request to dispatch a Credit Card from the legal person if it is accompanied by the appropriate form, duly completed and signed by the legal person. ING shall send the Credit Card by registered delivery with acknowledgement of receipt at the legal person's request. The costs of dispatching the Credit Card are borne by the legal person.

ING bears the risks linked to the dispatch of the Credit Card and/ or any means (PIN code, ...) which allow its use.

Once the Credit Card and/or the means which allow its use have been received, the legal person and the Credit Card Holder are liable for all commitments and receivables resulting from its granting and use, in accordance with the provisions of these General Conditions, in particular Article 9.

The proof of the dispatch and of the receipt of the Credit Card and/or of the means which allow its use falls on ING. The Credit Card holder has the right to proof the contrary through any legal channel.

Art. 3.3 After receiving the Credit Card, the Credit Cardholder:

- either receives a sealed envelope at their home address, which inside contains the printed PIN. The Credit Card will then be activated from the first use of the PIN in accordance with the procedure laid out by ING in the sealed envelope;
- or uses the Credit Card with the old PIN. The Credit Card will then be activated from the first use of the PIN in accordance with the procedure laid out by ING in the letter accompanying the Credit Card;
- or creates their own PIN in branch as soon as the Credit Card is delivered. The Credit Card is then activated immediately.

When the Credit Card holder changes his/her PIN,

he/she takes care to abide by the Cautionary Advice annexed to these General Conditions.

The ING Credit Card Reader may be requested by the Credit Cardholder via his or her branch. Once a transaction has been signed electronically by the Credit Cardholder via the ING Credit Card Reader and his or her credit Card, the procedure which permits the Credit Cardholder to protect online transactions with the aid of a password shall no longer be available for the Credit Cardholder in question.

Art. 4 - Credit Card functions

Art. 4.1 - The Credit Card enables the Holder to pay for products or services offered by companies affiliated to the Mastercard network, both in Belgium and abroad, upon presentation of the Credit Card and authentication using the method proposed by the retailer (e.g. PIN or signature of a slip) r.

Art. 4.2 - By presenting the Credit Card and signing a voucher the Credit Card Holder may withdraw cash from certain bank branches both in Belgium and abroad (see also Art. 7.2).

Art. 4.3 - By using the Credit Card and PIN, the Holder may also withdraw money from ATMs and pay for purchases in stores equipped with an electronic payment terminal, both in Belgium and abroad (see also Art. 7.2).

Art. 4.4 - The Credit Card Holder may purchase goods or services by remote communication means such as by telephone, post, fax, the internet, etc.

Art. 4.5 - The Credit Card enables its holder to provide a guarantee in the context of certain services where the payment of a deposit is customary (hotel booking, car rental, for example); the retailer may, in this case, ask to provisionally reserve in its favor a certain sum equivalent to the value of the guarantee. This sum is charged to the monthly limit on Credit Card expenditure.

Art 4.6 -Contactless payments.

If your credit Card has this functionality, "contactless" payments can be executed on compatible terminals. For payments smaller than 50 EUR, the transaction can be done without PIN code (with a maximum cumulative amount of EUR 100 for consecutive transactions without PIN code).

Art. 5 - Utilisation conditions and limits

Art. 5.1 – The Holder is informed of the utilisation limits upon applying for the Credit Card. The Credit Card Holder undertakes to only use the Credit Card for professional purposes in accordance with the conditions in force at the time of use and within the utilization limits granted and communicated to him/her. Consequently, in particular, the Credit Card Holder must ensure the available utilisation limit is not exceeded.

The Credit Card is personal and non-transferable. As a safety precaution, it must be signed with indelible ink upon receipt by the Credit Card Holder.

Art. 5.2 - Within the minimum and maximum amounts set by ING and notified to the Holder and the legal person, the applicable ceilings can at the request of the legal person and with the agreement of his/ her branch be changed to suit his/ her own needs, either via the branch, via ING Banking services or via a telephone call to the Customer Services Department.

Furthermore, the legal person can, within the limit of the abovementioned minimum and maximum amounts, apply to change the applicable ceilings in the following cases:

- 1° following the theft, loss, misappropriation or any unauthorised use of the Credit Card and/or the means for its use;
- 2° in the case of charging up to the account statements of any transaction carried out without his/ her agreement.

Within the minimum and maximum amounts set by ING and notified to the Holder and the legal person, the applicable ceilings can at the request of the legal person and with the agreement of his/ her branch be changed twice a year.

Art. 6 - Consent form – Proof of electronic transactions – Irrevocability of orders

Art. 6.1 - Depending on the service type used and without prejudice to the assumption envisaged in Article 6.3, consent to the execution of Transactions carried out by means of the Credit Card is given either by electronic signature or by signing the sales voucher presented by the retailer.

Art.6.1.2 - The electronic signature can be provided via the Pin code or via Itsme.

Art. 6.2 - The entry of the 4-digit PIN in an appropriate terminal (with this including an ING Credit Card Reader), completed with the validation required by this terminal, is considered equivalent to the electronic signature of the Credit Cardholder.

The legal person acknowledges that the file resulting from the use of the Credit Card Holder's signature means constitutes the latter's electronic signature provided it was validated by ING's IT systems and recognised by the latter as having been made by the Credit Card Holder and that the signature means provided by ING are valid and have not been revoked or expired.

For all transactions, the legal person accepts that the electronic signature – validated by the IT systems of the Company and/ or ING and recognised as originating from the Credit Card Holder – meets the conditions for identifying the Credit Card Holder and content integrity relating to a signature within the meaning of Article 1322, paragraph 2, of the Civil Code and that a transaction bearing such an electronic signature has the same probative value as a written transaction signed by hand by the Credit Card Holder and binds the legal person as such.

The legal person accepts that, provided the electronic signature is validated by the IT systems of the Company and/ or ING and recognised as originating from the Credit Card Holder, all transactions bearing the Credit Card Holder's electronic signature and received by ING through the channel of electronic services constitute valid and sufficient proof of his/ her consent to the existence and contents of the relevant transaction, as well as consistency between the contents of the transaction as transmitted by the Credit Card Holder and the contents of the transaction as received by the Company and/ or ING.

Art. 6.3. The legal person accepts that the communication to the retailer of the Credit Card number and expiry date, plus where appropriate the Credit Card Verification Value (CVV) and Mastercard Secure Code password (see Article 3.3) constitutes a Payment Order given by the Credit Card Holder to the retailer. In the event of dispute, the Company may prove the authenticity of the Order by any legal means, without prejudice to Articles 6.4 and 9 in the event of third-party fraud following the loss, theft, misappropriation or unauthorised use of the Credit Card and/ or the means allowing its use.

Art. 6.4. The above provisions do not prejudice the right of the legal person and/ or Credit Card Holder to provide proof to the contrary by any legal means, nor the other provisions of these General Conditions, in particular Article 9.4, 10° (regarding the burden of proof in the event a Payment Transaction is disputed).

Art. 6.5. The Credit Card Holder and/ or legal person may not revoke a payment order after the Company and/ or

ING has (have) received it or, in the case of a Payment Transaction initiated by or through the payee (e.g. the retailer), after the Payment Order has been transmitted or consent to the execution of the transaction has been given to the payee, in accordance with the provisions of Articles 6.1 to 6.3.

Art. 7 - Service charges

Art. 7.1 – The Credit Card is issued subject to an annual fee covering the use of the Credit Card as means of payment. The Credit Card Holder and the legal person are informed of the amount of this fee, as well as the charges for using the services to which the Credit Card gives access, on paper or a Durable Medium upon applying for the Credit Card. The charges are specified in the "Charges applied to the main banking operations of legal entities" leaflet available free of charge from any ING branch.

The fee is debited from the account of the legal person after the Credit Card has been issued. This amount is then invoiced every year.

Art. 7.2 - Foreign-currency Transactions are translated into the expenditure statement currency at a rate set by ING. This rate is based on the officially published exchange rate of the European Central Bank on the day the Company receives these Transactions. For any Transaction performed abroad in a non-EMU currency, the exchange rate shall be increased by an exchange-rate margin of which ING shall inform the legal person (see the Charges applied to the main banking operations of legal entities leaflet available from any ING branch).

For any cash withdrawal, apart from the amount withdrawn, the expenditure statement shall include a commission calculated on this amount, of which ING shall inform the legal person (see the "Charges applied to the main banking operations of legal entities" leaflet available free of charge from any ING branch and the brochure ING Mastercard – Holder's Guide, provided with the Credit Card).

Art. 7.3 – The applicable fees and charges can be amended by the Bank according to the terms indicated in Article 11.

Art. 8 – Provision and payment of statements of expenditure

Art. 8.1. An Credit Card expenditure statement is sent monthly to the legal person. This statement lists the Transactions the Credit Card Holder has carried out with his/ her Credit Card and recorded by the Company since

the previous statement was compiled, plus entries booked over the ING Business Credit Card Account over the same period and the total amount due. The legal person undertakes to communicate such statement to the Credit Card Holder.

The Transaction information involves:

- elements which allow the Credit Card Holder to identify each Payment Transaction made by means of the Credit Card and, where appropriate, information on the payee of the Transaction;
- the amount of the Payment Transaction expressed in the currency in which the current account to which the Credit Card is linked is denominated or in the currency used in the Payment Order;
- the amount of the total costs applied to the Payment Transaction and, where appropriate, their breakdown;
- where appropriate, the exchange rate applied to the Payment Transaction and the amount of the Payment Transaction after such currency conversion;

Art. 8.2 - The expenditure statements are paid according to the method agreed between ING and the legal person upon applying for the Credit Card, i.e. direct debiting.

Art. 9 - Respective obligations and liabilities of the Credit Card Holder, the Bank and the legal person

Art. 9.1 - General provisions

With the signature affixed to the Credit Card application and the Credit Card, and without prejudice to the provisions of this Article 9 and mandatory legal provisions, the legal person and the Credit Card Holder accept all the commitments and obligations resulting from the granting and use of the Credit Card, with or without the PIN.

They acknowledge that they shall be jointly and divisibly bound by such commitments. The Credit Card Holder is liable for the communication of information about the Credit Card, when such a communication is not for the purpose of immediately purchasing goods and services, such as reservations, guarantees, rentals, emergency check out, etc. However, this provision applies without prejudice of Article 9.3, 2°, paragraph 2 and 4° (no liability for the legal person in the cases referred to by this provisions, except for fraud of the legal person and/or of the Credit Card Holder) .

Art. 9.2 - Credit Card Holder obligations

The Credit Card Holder has the following obligations:

1° The Holder undertakes to comply with the Cautionary Advice which is annexed to these General Conditions and which is an integral part hereof.

2° The Credit Card may only be used by the Holder for professional purposes in accordance with the conditions in force at the time of use and within the utilisation limits granted and communicated to him/her;

3° To prevent the fraudulent use of electronic payment systems, the Credit Card Holder undertakes to take reasonable measures to protect the confidentiality of his/her Personalised security credentials - in particular PIN code - and to not pass them on to any third party, without prejudice to the right of the Credit Card Holder to use the services of a payment initiation service provider or of an account information service provider ; he/ she must not note them down in a form that is easily recognisable, in particular on the Credit Card itself or on an item or document the Holder keeps with said Credit Card or on him/ herself at the same time as the Credit Card.

Non-compliance with this rule is considered as gross negligence by ING and the Company, without prejudice to jurisdictional assessment of courts and tribunals.

4° With a view to preventing misuse by a third party, the Credit Card Holder undertakes to keep the Credit Card safe and, for instance, not to leave it in a car or a public place, except, in the latter case, if it is in a locked cupboard or drawer. A public place means any place to which many people have access, without necessarily being a place open to the public;

5° The Credit Card Holder undertakes to sign the back of the Credit Card in indelible ink on the space for that purpose upon its receipt and, where appropriate, to destroy the old Credit Card it replaces.

6° When aware of the loss, theft, misappropriation or any unauthorised use of the Credit Card and/ or the means allowing its use (such as the PIN or Mastercard Secure Code password), the Credit Card Holder undertakes to notify

- **either Card Stop directly** by telephone (7 days a week, 24 hours a day on 078/170 170 or +32 78 170 170 when calling from abroad)
- **or the Bank** via the ING Banking services (Self-service corner) or via a call to the Customer Services Department (02/464 60 04).

The telephone call to Card Stop or the Customer Services Department shall be recorded by an automated system. Any data thus recorded has the value of proof in the event of a dispute and is stored in accordance with article 14 (protection of privacy), without prejudice to articles VI.83 and VII.2, Section 4 of the Code of Economic Law.

Within the meaning of these General Conditions, “loss” or “theft” means any involuntary dispossession of the Credit Card. “Misappropriation” or “any unauthorised use” means any unlawful or unauthorised use of the Credit Card and/ or the means which allow its use, even when the Credit Card is still in the Credit Card Holder’s possession;
The Credit Card Holder undertakes to block his or her Credit Card immediately if it remains blocked in the ATM by the means indicated previously (either a telephone call to Card Stop, or via ING Banking services (Self-service area) or via a telephone call to the Customer Services Department).

7° The Credit Card Holder must declare the loss or theft of the Credit Card and/ or the disclosure of means allowing its use to the official local authorities, if possible within 24 hours and provide the Company with the proof and references of the statement if so requested. The Credit Card Holder also undertakes to communicate to the Company any information required for the investigation. However, the failure to comply with the obligations of this Article 9.2, 7° is not considered, as such, as a gross negligence

8° The Credit Card Holder undertakes not to revoke a payment order after the Bank has received it or, in the case of a Payment Transaction initiated by or through the payee (such as the retailer), after having transmitted the Payment Order or consented to the execution of the transaction to the payee, in accordance with the provisions of Article 6.

Art. 9.3. Legal person’s obligations

The legal person has the following obligations:

1° it must notify the Bank of any unauthorised transaction recorded on its account statements, as well as any error or irregularity on the said statements. Such notification must be confirmed in writing.

Once the information relating to the disputed transaction has been made available to it according to the agreed conditions, the notification must be made without undue delay and, whatever the case, by the latest within three months following the date of the transaction.

After such period of three months, the Payment Transaction shall be deemed to be correct and exact and can no longer be disputed.

2° it shall be liable, up to a maximum of 50 euros, for the losses linked to any unauthorised Payment Transaction following the use of the lost, stolen or misappropriated Credit Card, until the notification mentioned in Article 9.2, 6°, first paragraph has been given.

However, the legal person does not bear any loss - and the limit of 50 EUR is therefore not applicable - if:

- the loss, theft or misappropriation of the Credit Card could not have been detected by the Credit Card Holder before payment (referring in particular to cases of forgery of the Credit Card, copying, hacking, skimming, etc. of the Credit Card data), unless the legal person and/or the Credit Card Holder has/have acted fraudulently;

- the loss is due to the acts or lack of action of an employee or agent of the Bank or of the Company;

3° it shall bear all losses caused by unauthorised Payment Transactions until the notification referred to in Article 9.2, 6°, first paragraph has been given, if such losses stem from the fact the Credit Card Holder and/ or the legal person has, intentionally or following gross negligence, not met one or several obligations incumbent upon them pursuant to the provisions of this article. In that case, the ceiling of 50 euros mentioned in the above point 2° does not apply. In particular gross negligence is considered to be non-observance of the provisions stipulated in Articles 9.2, 3° (keeping the PIN secret) and 9.2, 6°, first paragraph (immediately notifying the Bank or Card Stop of the loss, theft, misappropriation or any unauthorised use of the Credit Card and/ or the means allowing its use), without prejudice to the competence of courts and tribunal to decide in final instance.

Furthermore the Bank wishes to draw the legal person's attention to the fact that other actions or behaviour, whether or not they result from non-observance by the Credit Card Holder and/ or legal person of his/ her obligations under these General Conditions, could be qualified as gross negligence, according to all the circumstances under which they occurred or happened, as decided, where appropriate, by the courts and tribunals in the final instance.

4° notwithstanding the provisions of the above points 2° and 3°, and notwithstanding Article 9.1, 3rd paragraph, the legal person shall not suffer any loss for Payment Transactions that do not require the use of Strong customer authentication, in particular the use of a PIN.

However, this exception does not apply if it is established that the legal person and/or the Credit Card Holder acted fraudulently .

5° if the Credit Card Holder and/ or legal person acted fraudulently, the legal person bears all losses resulting from unauthorised Payment Transactions both before

and after the notification mentioned in Article 9.2, 6°, first paragraph was given (notwithstanding the Bank's obligation to take all necessary measures to prevent the use of the Credit Card);

6° the legal person may not revoke a Payment Order after the Bank has received it or, in the case of a Payment Transaction initiated by or through the payee (such as the retailer), after having transmitted the Payment Order or consented to the execution of the transaction to the payee, in accordance with Article 6.1.

Furthermore, all contractual provisions agreed with the Bank for such transactions also apply and, in particular, those relating to the funding of orders giving rise to a debit, and those relating to possible debit balances on the accounts used;

Art. 9.4 - Obligations of the Bank

1° The Bank shall ensure the availability, at all times, of the appropriate means to enable the Credit Card Holder to give the notification mentioned in Article 9.2, 6°, first paragraph and, where applicable, to request the unblocking of the Credit Card if this is still technically possible.

The cost of replacing the Credit Card is mentioned in the "Charges applied to the main banking operations of legal entities" leaflet, and is charged to the legal person;

2° The Bank shall take all necessary measures to prevent any use of the Credit Card as soon as it (or Card Stop) is notified of the loss, theft, misappropriation or any unauthorised use of the Credit Card and/ or the means which allow its use.

3° to provide, upon request, the Credit Card Holder and/ or legal person, within eighteen months from the notification mentioned in Article 9.2, 6°, first paragraph, proof that the Credit Card Holder duly gave such notification;

4° to ensure that the Personalised security credentials linked to the Credit Card are not accessible to third parties who are not authorised to use it, without prejudice to the obligations of the Credit Card Holder mentioned in Article 9.2;

5° except in the case of fraud, gross negligence or intentional breach on the part of the Credit Card Holder and/ or legal person of one or more obligations incumbent upon them pursuant to Articles 9.2 and 9.3, it shall cover, above the amount of 50 euros to be borne by the legal person, the losses linked to unauthorised transactions carried out before the notification mentioned in Article 9.2, 6°, first

paragraph;
6° it shall cover the losses sustained by the Credit Card Holder when:

- the loss, theft or misappropriation of the Credit Card could not be detected by the Credit Card Holder before payment, unless the legal person and/or the Credit Card Holder acted fraudulently;

- the losses are due to the acts or lack of action of an employee or agent of the Bank or of the Company;

7° except in the case of fraud by the Credit Card Holder and/ or legal person, to cover the losses linked to unauthorised payment transactions carried out after the notification mentioned in Article 9.2, 6°, first paragraph;

8° except in the case of fraud by the Credit Card Holder and/ or legal person, to bear the consequences stemming from the use of the Credit Card by an unauthorised third party in the event of non-observance of one of the obligations stipulated in points 1°, 3° and 4° of this Article 9.2;

9° unless it is established that the Credit Card Holder and/ or legal person acted fraudulently, it shall bear the losses resulting from an unauthorised transactions if this transaction did not require the use of Strong customer authentication, in particular the use of a PIN .

10° when, in accordance with the provisions of Article 9.3, 1°, the legal person disputes that a Payment Transaction was authorised or alleges that a Payment Transaction was not correctly executed, the Bank or the Company acting on behalf of the Bank undertakes to show, through any legal channel (internal recordings or any other relevant element according to the circumstances) that the Transaction was duly recorded and booked and that it was not affected by a technical or other deficiency.

Transactions carried out by means of the Credit Card are automatically recorded in a log or electronic medium. The Bank, the Credit Card Holder and the legal person recognise the probative force of the log in which the data relating to all Transactions at cash dispensers or terminals, and/ or the electronic medium which may replace or supplement it. For each transaction at a cash dispenser or payment terminal for which a printed document with the details of the Transaction can be delivered, such document has value of proof.

The above provisions do not prejudice the right of the Credit Card Holder and/ or legal person to provide

proof to the contrary through any legal channel, or the mandatory or public order legal provisions which may lay down special rules with regard to proof of electronic transactions carried out by means of the Credit Card.

11° in the event of a Payment Transaction not executed or incorrectly executed by means of the Credit Card the Bank cannot be held liable except in the event of serious or deliberate misconduct of its services.

In this case, the liability of the Bank is in all circumstances limited to the amount of the direct damages established by the legal person, to the exclusion of any indirect damage, in particular but without limitation, loss of earnings, opportunity, customers and harm to reputation.

In addition the legal person shall only obtain rectification of a Transaction not executed or badly executed if it notified its claim in due time, in accordance with the provisions of Article 9.3, 1°.

12° In the case of an unauthorised Payment Transaction, the Bank shall refund the legal person without delay with the amount of the unauthorised Payment Transaction, by restoring the account debited to the state it would have been in if the unauthorised Payment Transaction had not occurred. The value date of the crediting corresponds to the value date of the debiting of the disputed transaction. This provision does not prejudice the obligations and liabilities of the Credit Card Holder and the legal person as stipulated in Articles 9.2 and 9.3.

Similarly, in those cases referred to in paragraph 6 (loss, theft or misappropriation of Credit Card not detectable by the Credit Card Holder before payment) and 9 (use of Credit Card without Strong customer authentication, in particular without a PIN) and unless the Credit Card Holder acted fraudulently, it reimburses the Credit Card Holder, without delay, the sum necessary to return the debited account to the position it was in before use of the lost, stolen or counterfeit Credit Card within the meaning of Article 9.3, 2°, second paragraph and 9.4, 6° of these General Conditions, or used without Strong customer authentication of the Credit Card Holder (in particular without a PIN), under the correct value date. Notwithstanding the above provisions, the Bank shall not be held liable in the event of force majeure or where the Bank is bound by other legal obligations stipulated by domestic or European Union legislations.

13° the Bank shall refrain from sending a Credit Card to the Client unless he/ she has made a prior request,

except in the case of renewal or replacement of an existing Credit Card;

14° it shall keep an internal register of Payment Transactions for a period of at least ten years from the execution of the transactions, without prejudice to other legal provisions with regard to the provision of supporting documents;

15° whatever the case it accepts liability for any serious or deliberate error on the part of its departments.

Art. 10 – The Bank's right to block or withdraw the Credit Card – Credit Card restitution – Credit Card renewal

Art. 10.1 - The Bank reserves the right to block the use of the Credit Card or to withdraw it for objectively motivated reasons relating to the security of the Credit Card or if there is the presumption of unauthorised or fraudulent use of the Credit Card and/or the means allowing its use or a significantly increased risk that the legal person may be unable to discharge its payment obligations.

Art. 10.2 - When the Bank exercises its right to block the use of the Credit Card or to withdraw it, it shall inform the Credit Card Holder and/ or the legal person by letter (standard or registered), e-mail, an expenditure statement or any other way it deems appropriate according to the circumstances and, if possible before the Credit Card is blocked, otherwise immediately afterward, unless the provision of such information is contradicted by objectively motivated security reasons or if it is prohibited pursuant to the applicable legislation.

Art. 10.3 - When the reasons justifying the blocking of the Credit Card no longer exist, the Bank shall unblock or replace it.

Art. 10.4 - The Credit Card Holder undertakes to return the Credit Card to the Bank if it is blocked or the account to which the Credit Card is linked is closed, or at any other motivated request of the Bank.

Art. 10.5 - The Credit Card is valid until the last day of the month and year indicated on it. Unless the legal person notifies the Bank otherwise three months before the expiry date indicated, or in the event the Bank notifies its refusal in accordance with Article 12.3, a new Credit Card shall be delivered to the Credit Card Holder before the end of the previous Credit Card's validity, and made available to him/ her according to the terms mentioned in Article 3.2.

For security reasons, the Credit Card Holder undertakes to sign the new Credit Card in indelible ink upon receipt of the new Credit Card and to destroy the old one.

Art. 11 - Amendment of the General Conditions and Charges

Art. 11.1. Any amendment of these General Conditions shall be agreed between the Bank, on the one hand, and the legal person and the Credit Card Holder, on the other hand.

For that purpose, the Bank shall inform the legal person and the Credit Card Holder of the proposed amendments, by letter (standard or registered) or on any Durable Medium, e.g. by e-mail sent to the last address (postal or e-mail) of the legal person and the Credit Card Holder known to the Bank, at least two months before the said amendments come into force.

If the legal person does not agree with the proposed amendments, it has a period of two month from the communication of the amendments to terminate the use of the Credit Card, free of charge and with immediate effect .

If the legal person does not exercise the right to terminate the use of the Credit Card within the two months following the above communication, it shall be deemed to have tacitly accepted the proposed amendments which consequently shall be binding on the legal person and the Credit Card Holder.

Art. 11.2. Notwithstanding Article 11.1, changes to exchange rates based on the reference exchange rate agreed between the parties (see the "Charges applied to the main banking operations of legal entities" leaflet) can apply immediately and without prior notice.

Art. 12 - Duration and termination of the contract

Art. 12.1. The contract relating to the delivery and use of the Credit Card is concluded for an indefinite period.

Art. 12.2. The legal person can terminate the contract relating to the delivery and use of the Credit Card free of charge and without any justification, and with immediate effect.

Termination must be submitted to the legal person's branch.

Art. 12.3. The Bank can terminate the contract without any justification, subject to two months' notice, notified by letter (standard or registered) or on any other

durable medium, e.g. by e-mail to the last address (postal or e-mail) of the legal person and the Credit Card Holder known to the Bank.

CAUTIONARY ADVICE

PAY WITH YOUR CREDIT CARD AND PIN WITH THE

UTMOST SAFETY...

Your Credit Card: a precious and absolutely personal instrument

- _ As soon as you receive your Credit Card, sign it in the appropriate space: otherwise, a thief could sign instead of you! Certain payments are indeed executed on the basis of the Credit Card Holder's signature.
- _ Destroy Credit Cards which have expired. Similarly, destroy the old one when you receive a new one.
- _ Keep your Credit Card on you or in a safe place. Never leave it somewhere accessible by third parties, such as a gym, nor at work or in your car.
- _ Keep your withdrawal slips and payment receipts. Always check your bank account and credit Card statements as soon as you receive them. Notify any irregularity to your bank or the sender of the statement immediately.
- _ Only provide your credit Card number to a well-known retailer, for example, when reserving tourism services by internet.
- _ In so far as possible, when you pay at a retailer, you should not let your Credit Card out of your sight. Ensure it is indeed your Credit Card that is returned to you after payment.
- _ Use your Credit Card only for the purposes for which it is intended.

Keep your PIN and where appropriate your Mastercard SecureCode password secret... Secrecy is as easy as pie!

- **Memorise your PIN and password** as soon as you receive or determine them and immediately destroy the notice in which you received the PIN.
- _ Change your PIN as soon as possible at an ATM. When you change it, do not choose too obvious a number (e.g. not part of your date of birth, the post code of your district, the first four digits of your telephone number, etc.). For greater convenience, you could be tempted to choose the same number for all your Credit Cards or access codes. This also of course implies risks!
- _ **Your PIN and password must stay secret: therefore, do not tell it (them) to anyone**, not even a family member or friend, and certainly not to a supposedly well-intentioned third party. Nobody is entitled to ask you for your PIN or password: not your bank or even the police force or an insurance company.
- _ Do not write your PIN or password anywhere, even in code form, for example, by disguising it or them as a fake telephone number.
- _ **Always enter your PIN code with the utmost discretion** at both ATMs and retailers. Always ensure sure no one is watching you, for instance,

by hiding the keypad with one hand. Do not allow anyone to distract you.

If you notice unusual circumstances, inform your bank branch immediately and, where appropriate, the retailer.

_ If you have good reason to believe that your PIN is no longer confidential, change it immediately at an ATM. If you cannot change your PIN, contact your bank immediately.

_ You should know that to enter the self-service area of a bank, you should never have to enter your PIN. If you are asked for your PIN, do not enter and warn your bank immediately.

What to do in the event of loss, theft or any other incident?

Either notify Card Stop immediately by calling **+32 (0)78 170 170**. This service is available 24 hours a day and seven days a week and will block your Credit Card immediately. If you are phoning from abroad and do not have a touch-tone telephone, simply wait until the end of the menu.

You will then be put through to an operator. Note down the identification number of your call as assigned by Card Stop (or the service stated by your bank). You will find it useful for subsequent actions.

- **Or notify the Bank immediately** via the ING Banking services (Self-service corner) or by calling the Customer Services Department on 02/464 60 04).

If your Credit Card is lost or stolen, have the local police prepare a report within 24 hours and ask for a copy or its references in full.

If your Credit Card is swallowed by a terminal, have it blocked immediately, either via Card Stop (+32 (0)78 170 170) or via the ING Banking services (Self-service corner), or by a telephone call to the Customer Services Department).

For more information?

Your bank is at your disposal for any further information regarding its products and services.

A few tips to pay with the utmost security:

_ always keep your Credit Card on you or in a safe place.

_ your PIN and, where appropriate, password should remain secret: do not tell them to anyone or write them down anywhere.

_ always enter your PIN away from prying eyes.

_ choose a new PIN if you think a third party may have learned it.

_ immediately notify any irregularity noted on your bank account or credit Card statements.

_ keep your Credit Card with the same care as you do your cash.

_ in the event of loss, theft or any other incident, such as if your Credit Card is swallowed by an ATM, you must either immediately contact Card Stop on +32 (0)78 170 170 or the bank via the ING Banking Services (Self-service corner) or by a telephone call to the Customer Services Department (02/464 60 04).

Always keep the Card Stop number on you, for instance, on your mobile phone directory, or memorise it. If necessary, it appears on most terminals.

Coverage is equally afforded for trips made in a rental vehicle. The single or return trip from/ to a place of embarkation with a view to making the insured trip is equally covered, even if this journey has not been paid for with the Credit Card.

Risks covered

In case of an accident occurring whilst resorting to one of the aforementioned means of public transport, Insured Persons are covered in case of death or of permanent PPD (Permanent Partial Disability), provided that the degree of such disability represents at least 25%, calculated in accordance with the Belgian Official

Disability Scale (BOBI)
in force on the day of the accident.

Death as the result of an accident

If the Insured Person dies within two years of the accident included in the cover solely from the after-effects of the aforesaid accident, an indemnity of 200.000 euros will be paid to the beneficiaries.

If after a period of at least six months has elapsed as from the accident and after checking all the evidence and supporting documentation available, the company has every reason to suppose that it is dealing with an injury which is included in the cover, the disappearance of the Insured Person will then be regarded as an event likely to trigger the covers of this policy.

If following payment the Insured Person is found to still be alive, the beneficiary(ies) will reimburse the company with all the sums paid by the latter in the context of the payment of the benefit.

The benefits due in case of death and of permanent disability may not be accumulated.

Permanent disability as the result of an accident

Where the Insured Person is the victim of an accident which is included in the cover, and it is medically established that some permanent disability remains, the Company pays a maximum of 200.000 euros and proportional to the degree of disability fixed in accordance with the Belgian Official Disability Scale (BOBI) in force on the day of the accident, without however exceeding a degree of disability of 100%.

Where the degree of disability is equal to or exceeds 66%, the disability will be deemed to be total and indemnified at the rate of 100%.

The benefit due with respect to any injury affecting limbs or organs which are already disabled or which have lost functionality will be based only on the difference existing between the condition before and after the accident. The evaluation of injuries to a limb or organ cannot be increased by the pre-existing disabled condition of another limb or organ.

In case the consequences of an accident are made worse by disabilities, illnesses, causes or circumstances incidental to the accidental event, the benefit cannot be higher than the benefit which would have been due had the accident affected a healthy body. The benefit is awarded based on the conclusions of the medical examiner appointed by the Company or on the medical certificates submitted where no medical examiner has been appointed.

If stabilisation has not yet taken place 12 months after the accident, the company may, at the request of the Insured Person, pay a provision equal at most to half of the minimum benefit which is likely to be awarded to the latter on the day of such stabilisation.
