

# Anthea: a sustainable and dynamic investment solution

## Your needs

To have your assets managed in an **sustainable investment solution which optimizes the risk/return ratio and focuses on ESG factors**

**Simplicity:** no need for details of each transaction. A general overview is sufficient.

Regular and clear **reporting**

Simple and **competitive pricing**

## Our solution

A **dynamic investment solution** proposed in a "dependent advice" context

**Objective:** Optimisation of risk-adjusted performance

The **approach** of the investment solution Anthea **integrates environmental, social and governance factors to generate competitive financial performance and positive societal impact**

**4 profiles**, each associated with a risk level of your choice. Flexible and **easy-to-change** profiles

Possible structuring of the solution to allow the **distribution of income**

Possibility of regular **additional investments**

**Regular reporting of excellent quality**, in your own language:

- Daily monitoring available via Home'Bank and the ING Smart Banking app
- Quarterly report sent to your home
- Complementary supports to give you an overview of the transactions and to explain the performance

Minimum Investment: **€ 250.000**

**Pricing:**

- No dossier fee or custody fee
- Entry fee: 2%
- Ongoing charges of the used instruments

The detail of all fees and taxes are communicated annually in your management report
