I Purpose

Article 1

These regulations relating to the ING Savings Account (hereinafter referred to as the “Regulations”) govern the relationship between ING Belgium SA/nv (hereinafter referred to as “ING Belgium”) and the holder and/or joint holder (hereinafter referred to as the “Client”) of an ING Savings Account. Furthermore, this relationship is governed by the General Regulations of ING Belgium (and in particular by the provisions of Article 75 relating to savings accounts) insofar as the following provisions do not derogate from the provisions within these Regulations. In these Regulations, the ING Savings Account is referred to using the term “Regulated Savings Account”.

These Regulations and the General Regulations of ING Belgium are available on the ING Belgium website (www.ing.be), at ING branches or through ING Client Services on 02 464 60 04.

II Definition

Article 2

The ING Savings Account is a Regulated Savings Account¹ denominated in euros (EUR) for private use.

For private individuals, the law considers an initial tranche of interest on regulated savings deposits as tax-exempt. The amount of this tranche is indexed annually. If the Regulated Savings Account is opened in the name of both spouses or legal cohabitants, this amount is doubled. Taxpayers who are liable to personal income tax are obliged by law to indicate in their annual tax return the total amount of interest received from their Regulated Savings Accounts held with ING Belgium and other financial institutions that exceeds the exemption limit and on which no withholding tax has yet been levied.

ING Belgium verifies whether the aforementioned withholding tax exemption limit has been reached each

¹ Regulated savings accounts are governed by the provisions of Article 21, 5 of the Belgian Income Tax Code and Article 2 of the Royal Decree of 27 August 1993 implementing the said Code, as amended by the Royal Decree of 1 July 2006, the Royal Decree of 30 July 2008, the Royal Decree of 7 December 2008 and the Royal Decree of 27 September 2013

time the base interest and fidelity premium are deposited to the account. To do this, it takes into account all the amounts allocated during the tax period to the same Regulated Savings Account, without, however, taking account of the other Regulated Savings Accounts of which the Client is holder or joint holder. Withholding tax is due as soon as the sum of these amounts exceeds the limit referred to above, on the amount exceeding the tranche.

The capital saved is accessible at all times.

ING Belgium reserves the right to set a maximum amount held in the Regulated Savings Account. If applied, ING Belgium shall make available, without prior notice, the amount exceeding this ceiling, in the manner that ING Belgium deems appropriate, into another ING Belgium account in the name of the same holder(s) and with account management powers identical to those of the savings account concerned (including the same proxies and limits in terms of management powers). This account may be an ING Belgium current account or, failing that, an ING Invest Account. If the Customer has neither an ING Belgium current account nor an ING Invest Account, he authorises ING Belgium to open an ING Invest Account free of charge for this purpose (subject, however, to the applicable taxes) in the name of the same holder(s) and with the same account management powers as those of the savings account concerned (including the same authorised proxies and limits in terms of management powers). The ING Invest Account is governed by ING Belgium’s General Banking Regulations (and in particular by the provisions of Article 75bis). Interest may be charged on the ING Invest Account, in accordance with the said Article 75bis. Unless otherwise agreed, communications relating to this new ING Invest Account, (including account statements) will follow the communication method chosen for the Regulated Savings Account.

ING Belgium also reserves the right to limit the number of Regulated Savings Accounts to one per holder or joint holder, i.e.:

(subject to possible subsequent amendments). As a result, interest paid on a savings account is exempt from withholding tax up to an amount defined by the applicable legislation.

- as a sole holder: only one Regulated Savings Account;
- as a joint holder: only one Regulated Savings Account with the same holders. The same holder may therefore open several Regulated Savings Accounts provided that, for each of the Regulated Savings Accounts opened, there are different joint holders.

The Client shall be informed in advance of a change to the maximum amount or the maximum number of Regulated Savings Accounts with reasonable notice of at least one month,

In such case the Client shall have the option, before the implementation date for the new terms and conditions indicated in the notice, to inform ING Belgium of his/her refusal to accept the modification which has been announced and immediately close his/her Regulated Savings Account in question in accordance with Article 18. Failing such closure of the account, the Client shall be deemed to have accepted this modification.

III Opening

Article 3 - Clients

The Regulated Savings Account can be opened in the name of private individuals adults or who are minors (subject to authorisation by legal representatives in the case of a minor) for private use.

The regulated Savings Account can be opened in the name of several joint holders. One or more account management mandates may be granted to private individuals in order for them to manage a Savings Account. Nevertheless, the minor is the sole holder of the Regulated Savings Account open in his/her name, without prejudice to the powers of the legal representative(s) and any mandates granted. He/she may only manage the Regulated Savings Account if he/she is at least 10 years of age, has sufficient understanding and has received prior authorisation from his/her legal representatives.

Article 4 - Application to open an account

The Savings Account can be opened through an ING Belgium branch or via ING Belgium's Home'Bank or ING Banking App- services

Any holder of a Regulated Savings Account has full management authority over the Regulated Savings Account concerned. If a Regulated Savings Account is opened in the name of one or more joint holders, each joint holder has full general management authority over the Regulated Savings Account concerned.

Opening - subject to acceptance by ING Belgium and to mutual agreement - of a Regulated Savings Account - subject to authorisation by the minor's legal representative if the Client is a minor - is confirmed to the Client by the account opening document. If a Regulated Savings Account is opened using the ING Banking App, the Client must have an e-mail address.

IV Management of the account and transactions

Article 5 - Management of the account

The Regulated Savings Account can be managed through an ING Belgium branch, via ING Belgium's Home'Bank, ING Banking App or ING Client services or, if the Client has an ING Belgium debit card, via ING Belgium's Self'Bank services or via the ING Online services available at ING Belgium branches.

Article 6 - Credit transactions

Without prejudice to article 2 of these regulations, the Regulated Savings Account can only be credited:

- either through cash deposits at the counter of an ING Belgium branch or via ING Belgium's Self'Bank services (except Bancontact CASH points);
- or by means of transfers - based on a one-off or standing order - from any current account held with ING Belgium or another financial institution
- or by means of transfers from a Regulated Savings Account¹ held with ING Belgium in the name of the same Client (as holder, co-holder or legal representative);
- or by means of transfer from an ING Invest Account where the Client is holder, co-holder or legal representative

Article 7 - Debit transactions

Withdrawals from the Regulated Savings Account can only be carried out:

- through cash withdrawals at the counter of an ING Belgium branch;

- by transfers to another Regulated Savings Account opened with ING Belgium of which the Client is the holder, joint holder or legal representative;
- by transfers to any current account and ING Invest Account opened with ING Belgium of which the Client is the holder or joint holder. However, debit transactions may under no circumstances be subject to a standing order;
- for the payment to ING Belgium of:
 - safe custody fees relating to the deposit of securities with ING Belgium;
 - fees for the rental by the Client of safe deposit boxes from ING Belgium;
 - insurance premiums and fees relating to the concerned Regulated Savings Account;
- for the payment to ING Belgium and on the initiative of ING Belgium, in accordance with Articles 48 and 49 of the General Regulations of ING Belgium, of outstanding amounts that cannot be paid - in principal, interest, commission and fees - owed by the Client in capital, interest or incidentals as a result of any credit, loan or other facility granted by ING Belgium or an institution represented by ING Belgium, provided the compensation is not prohibited by mandatory statutory or regulatory provisions;

Debit transactions are booked according to the LIFO method (last in - first out). This means that a withdrawal is first offset against the amounts for which the premium acquisition period is the least advanced. If the same premium acquisition period applies to several amounts, the first amount to be impacted shall be the one for which the fidelity premium is the lowest. In accordance with the legislation referred to in Article 2 of these Regulations, ING Belgium reserves the right to limit withdrawals to EUR 2,500 per fortnight and to require advance notice of 5 calendar days for withdrawals exceeding EUR 1,250.

Article 8 - Account statements

Transactions relating to the Regulated Savings Account are recorded in the account statements, which are provided free of charge via ING Belgium's Home'Bank services or sent by post to the address indicated by the Client, subject to payment of an annual fee and shipping costs.

V Interest, premiums and charges

Article 9 - Principles

Capital booked on a Regulated Savings Account earns base interest and a fidelity premium calculated on the basis of rates expressed on an annual basis, provided the conditions set out in Articles 12 and 13 of these Regulations are met.

Article 10 - Fixing of rates

The fixing of the interest rates applicable to the capital booked on the Regulated Savings Account is governed by the legislation referred to in Article 2 of these Regulations.

Article 11 - Publication of rates

The rate of base interest and the rate of the fidelity premium - expressed on an annual basis - are listed in the publication "Annual Interest Rates on Accounts", published on the ING Belgium website (www.ing.be) and via ING Belgium's Home'Bank/Business'Bank services and ING Online and a copy of which and can be consulted at any ING Belgium branch.

Article 12 - Granting of the fidelity premium

The fidelity premium is granted on all capital that stays on the Regulated Savings Account for a period of 12 consecutive calendar months (hereafter referred to as "the fidelity period"). The fidelity period starts at the latest on the first calendar day after the calendar day on which the capital is booked on the Regulated Savings Account or on the first calendar day after the last calendar day of the previous fidelity period.

The fidelity premium granted at any given time is the same for new deposits and for saving deposits for which a new fidelity period has begun. In the case of a transfer from one Regulated Savings Account¹ to another Regulated Savings Account¹ held in the name of the same holder with ING Belgium, the fidelity premium acquisition period for the first Regulated Savings Account¹ shall continue to apply subject to the condition that the transfer amount is at least EUR 500 and that the holder in question has not already made three transfers of this type from the same Regulated Savings Account¹ during the same calendar year. In the case of such a transfer, the fidelity premium shall be calculated *pro-rata temporis* according to the rate of the

fidelity premium applicable to each Regulated Savings Account¹.

Without prejudice to the principle of maintaining the proportional nature of the fidelity premium as described in the paragraph above, the fidelity premium that applies at the time the capital is booked to the Regulated Savings Account, or at the start of a new fidelity period, continues to apply for the whole of the fidelity period.

Article 13 - Interest calculation and payment

The amount of interest paid on capital booked to the Regulated Savings Account is calculated on an annual basis once per year.

The base rates are calculated at the base interest rate according to the following terms and conditions:

- amounts deposited or transferred to the Regulated Savings Account earn interest as from the calendar day following the calendar day on which they are booked to the Regulated Savings Account;
- amounts withdrawn or transferred from the Regulated Savings Account stop earning interest as from the day of the debit.

The fidelity premium is calculated for the entire fidelity period. Debits to the Regulated Savings Account are charged to the amounts for which the premium acquisition period is the least advanced. Credits and debits carried out on the same calendar day are set off when calculating base rates and fidelity premium.

For any Regulated Savings Account, the base interest is booked on 31 December of each year at midnight and covers all base interest acquired during the calendar year ending on the booking date in question. Base interest is deposited each year to the Regulated Savings Account at the latest by the second business day of January of the year following the year for which the base interest was booked, with the value date for the crediting of the base interest being 1 January of that same year.

Fidelity premiums are booked on 31 March, 30 June, 30 September and 31 December of each year at midnight. This booking covers all the fidelity premiums acquired during the quarter ending on the booking date in question. Fidelity premiums are deposited to the Regulated Savings Account on a quarterly basis, at the latest on the third business day of April, July, October and January that follow, respectively, the first, second, third

and fourth quarters concerned of a calendar year during which the fidelity premiums were acquired and for which the fidelity premiums were booked. They accrue base interest as from, respectively, 1 April, 1 July, 1 October and 1 January following the quarter during which they were acquired and for which the fidelity premiums were booked, with these dates corresponding to the value dates for the crediting of the fidelity premiums to the account.

Article 14 - Opening, management, transaction and closing fees

ING Belgium reserves the right to charge fees for the opening, management and debit or credit transactions linked to this account. Any charges are set out in the applicable Tariffs published on www.ing.be.

No charges are due when the Client closes a Regulated Savings Account.

Article 15 - Rate fluctuations

The base interest rate and the rate of the fidelity premium are subject, at any time and in the future, to:

- fluctuation pursuant to changes in the legally authorised interest rate in accordance with Article 2, 4, c of the Royal Decree of 27 August 1993 implementing the Income Tax Code¹; or
- either upwards or downwards fluctuations on the initiative of ING Belgium depending on market conditions. ING Belgium may amend interest rates without prior notice provided it has a valid reason. ING Belgium shall nonetheless inform the Client as soon as possible after the amendment, if it has not already done so, and the Client shall be free to immediately close his/her Regulated Savings Account without any charges or compensation, in accordance with Article 18 of these Regulations. However, ING Belgium may increase the interest rate it pays to the Client without a valid reason and without notifying, even retrospectively, the Client of any such amendment.
- Any increase in the base interest rate shall be maintained for a period of at least three months, save in the case of a downwards revision to the ECB refinancing rate in accordance with Article 2, 4^o, c of the Royal Decree of 27 August 1993 implementing the Income Tax Code¹.

If the information communicated by ING Belgium expressly mentions a guaranteed rate, the base interest rate can be guaranteed for a period determined by ING Belgium, subject nonetheless to a reduction in the legally authorised maximum base rate in accordance with Article 2, 4 c of the Royal Decree of 27 August 1993 implementing the Income Tax Code¹.

The terms and conditions for granting, calculating and recording interest are subject, at any time and in the future, to:

- fluctuation following an amendment to the provisions of Article 2 of the Royal Decree of 27 August 1993 implementing the Income Tax Code¹; or
- fluctuations at the initiative of ING Belgium depending on market conditions.

In this case, the Client shall be given reasonable advance notice. He/she shall then be free, prior to the date - as specified in the message - on which the new terms and conditions come into force, to notify ING Belgium of his/her refusal to accept the announced amendment and to immediately close his/her Regulated Savings Account without any charge or compensation, in accordance with Article 18 of these Regulations. Where the Regulated Savings Account is not closed in this way, the Client shall be deemed to have accepted the amendment.

The amendments provided for in paragraphs 1 and 2 of this Article 15 shall, unless otherwise stipulated above, be communicated to the Client by means of a dated message included with the account statements of the Client or sent to the Client in an ordinary letter or an e-mail message. Furthermore, the new rates, terms or conditions shall continue to be available in the publication "Annual Interest Rates on Accounts" and, where appropriate, in the applicable rates in force. The publication and, where applicable, the aforementioned rates, shall be available to the Client, where prior notification has been given of the amendments concerned, at the latest from the moment of such notification or, in case of retrospective notification or no notification, at the latest once any such amendments come into force.

The interest rates or terms and conditions for granting, calculating or recording interest thus amended shall come into force on the date indicated in the publication on interest and, where appropriate, indicated on any

notification referred to above, without prejudice to Article 10 of these Regulations.

Save in the case of mandatory legal or regulatory provisions to the contrary, interest rates apply according to the following conditions:

- in the case of a change to the base interest rate: the base interest is calculated *pro-rata temporis* to the various rates in force during the period of the year to which they relate;
- in the case of a change to the rate of the fidelity premium: the amount of the fidelity premium - for the total capital on which it is granted - is calculated at the interest rate in force when the capital was booked to the Regulated Savings Account or at the beginning of a new fidelity period.

Where no preference is indicated, ING Belgium shall make the funds available as soon as possible in any manner it deems appropriate.

X Amendments to the regulations

Article 26

Without prejudice to the provisions of these Regulations (in particular article 15), any amendment on the initiative of ING Belgium, at any time, to the provisions of these Regulations or to the rates or characteristics of Regulated Savings Accounts - which are not of an essential nature to the Client or to his/her intended use of the services in question, provided such intended use has been notified to and accepted by ING Belgium, or that failing such notification the intended use is reasonably predictable - shall be agreed upon by ING Belgium and the Client according to the following procedure:

- The Client shall be informed in advance of amendments via a dated message included with the Client's account statements or in a letter sent by (ordinary or registered) post, by electronic message to the last known (postal or electronic) address of the Client known to ING Belgium or on any other physical medium with a minimum of one month notice or, where the Regulated Savings Account concerned held by the Client is intended for professional purposes, at least with 15 calendar days notice.
- The amendments shall come into force upon expiration of the notice period indicated in the aforementioned message.
- If the Client does not wish to accept such amendments, he/she may, before the date - as specified in the aforementioned message - on

which the announced amendments come into force, notify ING Belgium of his/her refusal to accept such amendments and immediately close his/her Regulated Savings Account without any charge or compensation while still receiving the interest applicable before the date on which the amendments come into force. Where the Regulated Savings Account is not closed in this way, the Client shall be deemed to have accepted the amendments.

Furthermore, in the case of an amendment of these Regulations to the benefit of the Client, ING Belgium reserves the right to make such amendment without prior notice and without a valid reason. In that case, ING Belgium shall nonetheless inform the Client as soon as possible following the amendment and the Client shall be free to immediately close his/her/its Regulated Savings Account, without any charges or compensation, in accordance with Article 18 of these Regulations.

The new provisions shall apply to all transactions ordered before but executed after they take effect, unless the Client has, within the notice period specified in the aforementioned message and without any charge, terminated his/her business relationship with ING Belgium, discharged all commitments towards ING Belgium and settled all transactions in progress. However, any transactions or commitments which - by virtue of their nature - cannot be terminated shall continue, until they have been cleared, to be governed by the provisions previously in force.
